Monday 24 August 2026

Dear Parent/Carer

Learning Journals Family Access

This session Kinross Primary School will continue to use Learning Journals as a platform to profile learning and achievements.

Staff will use Learning Journals to record significant learning of your child/children. You will be able to log in to your child's profile to see these observations and achievements. You can do this by downloading the free, 'Learning Journals for Parents' app, within the Apple App Store or Google Play Store.

If your child used Learning Journals last session, you would have already been given your username and set up your own password and PIN number. If you have forgotten these, please contact the school and we can reset your account. This will prompt Learning Journals to send you an email to reset your password and PIN.

If your child is new to Kinross Primary, you will receive a letter asking for an email address. This will then be linked with your child's profile and an email will be sent to you from Learning Journals. In this, you will be provided with a unique username. Please then follow the instructions within the email to set up a password and pin number and use these details to log in to the app.

Should you require further information, please view this 'ParentZone Guide' by visiting <https://learningjournals.co.uk/resources/parentzone-guide/>.

Within your child's Learning Journal profile, you will be able to view observations and stories linked to your child. An observation is a record of significant learning linked to the curriculum whilst a story will allow staff to quickly share more general information related to the class.

Please see overleaf, guidance on what the Learning Journals platform will be used for at Kinross Primary School.

If you have any further questions regarding this, or encounter any issues setting up your account, please do not hesitate to contact the school.

Yours sincerely

Amy Bruce
DHT

KINROSS PS - LEARNING JOURNALS		
WHAT IT IS	VS	WHAT IT IS NOT
An online learning profile to showcase your child's learning, achievements and progress.	★	A Twitter feed for individual classes or a daily diary on your child's school day.
A means of sharing learning and next steps with parents / carers and for you to provide feedback on learning.	👣	A way of communicating with staff about general enquiries.
An opportunity for children to reflect on their learning and for you to discuss the learning with your child.	💬	A channel through which you raise concerns, please continue to contact the school office to arrange an appointment
A means through which we track wider achievement and achievements can be shared from home.	🏅	A means to report absences – please contact the school office or use the free school app
Posts communicating general learning in class.	📖	A means to raise concerns or pass comment on other children.
Allows us to use multimedia evidence including videos, audio and photographs.	🎬	A dialogue between staff and parents / carers. Please arrange to make an appointment with the class teacher or discuss at one of the many opportunities provided this year.

Online Learning Journey 'Ingredients' 2026-2027

Contents each block should include:

- Termly Plan
- One Literacy observation (linked to assessment focus and with next steps)
- One Numeracy observation (linked to assessment focus and with next steps)
- One other observation linked to SLLW
- One 'proud piece' that children have uploaded themselves
- Weekly story (generic post about an aspect of learning)
